MESSAGE FROM THE VICE CHANCELLOR

It gives me great pleasure to send this message of congratulation for the Faculty Journal to be published by the Faculty of Arts and Culture for the first time in its history. I appreciate the praiseworthy efforts put in by the Editorial Board of the Faculty Journal to make it a successful result.

In my view it is a good opportunity to the academic staff as well as the students to write and publish in the Faculty Journal regularly the research findings in their own fields and specialties and to cultivate the habits of writings and to develop their personalities.

I should say that some of the research scholars and academics of this South Eastern University would be able to provide necessary information to the policy framers and social reformers by identifying and exposing the exact factors that impede the growth and progress of this region, educationally, economically and socially focusing on social system, village settlement, rural economy, religious beliefs and economic progress.

On the consideration of the depth and interest displayed by some of the writers in contributing article to this journal, I am confident that very soon the academics of this University will pave the way for the emergence of this Journal in par with the international publications.

I congratulate the Dean, Heads, Academic, Non academic staff and Students of the Faculty of Arts and Culture and wish them good fortunes in their professional enterprises.

Thank you.

Dr. A.G. Husain Ismail
Vice Chancellor
South Eastern University of Sri Lanka
Sri Lanka
Oluvil.

MESSAGE FROM THE DEAN, FACULTY OF ARTS & CULTURE

I am extremely happy to issue this message to the second and third volumes 'Kalam', research journals of Faculty of Arts & Culture. This journal is one of the milestones to the development of the Faculty of Arts & Culture. This journal encompasses very valuable and productive research articles that traces many fields of social sciences and humanities. This is also a stepping stone to the intellectual capacity and enthusiasm of our academic staff.

Even though this journal could have been expected to be published twice a year, it got delayed due to some unavoidable circumstances. In fact, I believe that this journal will come out with diversified research effectively on time in the future. I congratulate the academics, editorial board and others who have contributed to the successful publication of the journal on behalf of the Faculty of Arts & Culture, South Eastern University of Sri Lanka.

M.I.M. Kaleel

Dean / Faculty of Arts & Culture

South Eastern University of Sri Lanka
